## **Teacher's Forum**

As parents, former students and professionals, all of us recognize the tremendous sacrifice and dedication of teachers. Teachers can never be compensated enough for the work that they do.

Our doctors and staff thank you for the financial sacrifices you make in order to better our young people and our community. We realize that, because funds are limited, teachers often use their personal funds to purchase classroom supplies. It is because of this that our office wants to support our educators and our community by providing funding to offset some of that cost.

Beginning in 2006, Wayne P. Dunn & Associates began sponsoring a **Teachers' Scholarship Fund** which consists of thirty five \$125 scholarships given to area teachers for use in buying classroom materials. Teachers of grades K-12 are encouraged to apply.

In selecting the recipients, we will consider the proposed use of the funds and the neediness of the request. For example, proposals may be made for the purchase of a cranial skeleton for a science class or books for a first grade reading program.

Applications must be received by September 30<sup>th</sup>. Just complete the application and return it to our office by the deadline. Funds will be awarded by October 30<sup>th</sup>.

A special thanks from all of us at Bowling & Dunn Family Dentistry. It is our hope that the **Teachers' Scholarship Fund** will provide materials that will benefit teachers and students for years to come.
